SAFETY EYEWEAR

Uvex FitLogic®

READING MAGNIFIERS

The Uvex FitLogic has expanded its extensive lens assortment to include reading magnifiers. This latest addition offers the Uvex FitLogic's revolutionary comfort, protection, and adjustability to workers who require increased magnification for reading, inspection, and other fine detail work. It's the best of both worlds.

It's Easy to Make It Fit Just Right.

- Individual bifocal readers molded directly into a clear lens
- Offers increased magnification for reading, inspection, and fine detail work
- +1.5, +2.0, and +2.5 diopter strengths available for workers who have difficulty reading smaller print
- Extended wrap-around lens design provides extra cheek and side coverage
- Optically perfected polycarbonate lens blocks 99.9% of UV Rays
- Easy and quick lens replacement
- Lens made with Ultra-dura® hard coat for anti-scratch protection
- Meets ANSI Z87+ (High Impact) standards

Diopter Chart

Hold chart 14 inches from face to figure diopter strength	Diopter
If this line is difficult to read, use	+1.5
If this line is difficult to read, use	+2.0
If this line is difficult to read, use	+2.5

All Uvex® lenses offer 99.9% ultra-violet protection.
